Course Description and Goals
The purpose of this module is to familiarize students with phenomenology, theory, and practice-related topics in eating disorders, including assessment, treatment, prevention, and ethical issues. This module emphasizes psychosocial bases of eating pathology, with an emphasis on psychological interventions for eating disorders.

This module is run as a seminar which will include didactic presentations by the instructor, discussion of assigned readings and clinical case material, a guest speaker, and student presentations.

Required Text
Required readings are available via D2L and the university library website.

Evaluation
Class participation/discussion of the readings (50%)
Group presentation (50%)

1. Discussion
There will be ample opportunity for questions and class discussion. Your active involvement will enhance everyone’s learning.

2. Group presentations
Teams of 2-3 students will jointly prepare and make 45- (if 2 presenters) to 60-minute (if 3 presenters) class presentations on practical topics related to treatment of eating disorders and related problems, e.g., evidence-based psychosocial treatments such as:

- Family-based therapy
- Dialectical behaviour therapy
- Self-help approaches/stepped care
- Cognitive remediation therapy
- Integrative cognitive-affective therapy
- Dissonance-based prevention of body dissatisfaction
- Multi-family therapy
Following a slide presentation, the presenters will jointly lead a 10-min class discussion. Suggested scope: approximately 25 slides plus references describing the treatment approach, evidence regarding its efficacy, and its practical implementation. After you provide an overview, you may focus the presentation as you deem appropriate and feasible for the time allotted.

Readings. At least 8 days prior to your presentation, teams must select a reading describing your topic and email it to me. I will post it on D2L at least 7 days prior to the scheduled presentation.

Slides and handouts. By 5pm the day before your presentation, please email me two files:
- the presentation slides in full-page format
- the slides in the form of a handout

I will post the full-page slides on D2L and will provide the presenters feedback on the presentation’s clarity, comprehensiveness, pace, and organization, using the handout.

Grading Scale
This course is evaluated as credit/no credit. Students must receive a grade of 80% to receive credit for the course.

As stated in the University Calendar, it is at the instructor’s discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades. To determine final letter grades, final percentage grades will be rounded up or down to the nearest whole percentage (e.g., 89.5% will be rounded up to 90% but 89.4% will be rounded down to 89%).

Reappraisal of Grades
A student who feels that a piece of graded term work (e.g., term paper, essay, test) has been unfairly graded, may have the work re-graded as follows. The student shall discuss the work with the instructor within 15 days of being notified about the mark or of the item's return to the class; no reappraisal of term work is permitted after the 15 days. If not satisfied, the student shall immediately take the matter to the Head of the department offering the course, who will arrange for a reassessment of the work within the next 15 days. The reappraisal of term work may cause the grade to be raised, lowered, or to remain the same. If the student is not satisfied with the decision and wishes to appeal, the student shall address a letter of appeal to the Dean of the faculty offering the course within 15 days of the unfavourable decision. In the letter, the student must clearly and fully state the decision being appealed, the grounds for appeal, and the remedies being sought, along with any special circumstances that warrant an appeal of the reappraisal. The student should include as much written documentation as possible.

Plagiarism and Other Academic Misconduct
Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offense. Plagiarism involves submitting or presenting work in a course as if it were the student’s own work done expressly for that particular course when, in fact, it is not. Students should examine sections of the University Calendar that present a Statement of Intellectual honesty and definitions and penalties associated with Plagiarism/Cheating/Other Academic Misconduct.

Academic Accommodation
The student accommodation policy can be found at: ucalgary.ca/access/accommodations/policy. Students needing an Accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities ucalgary.ca/policies/files/policies/student-accommodation-policy. Students needing an Accommodation based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the instructor.

Absence from a Test/Exam
Makeup tests/exams are NOT an option without an official University medical excuse (see the University Calendar). A completed Physician/Counselor Statement will be required to confirm absence from a test/exam for health reasons; the student will be required to pay any cost associated with this Statement. Students who miss a test/exam have up to 48 hours to contact the instructor and to schedule a makeup test/exam. Students who do not schedule a makeup test/exam with the instructor within this 48-hour period forfeit the right to a makeup test/exam. At the instructor’s discretion, a makeup test/exam may differ significantly (in form and/or content) from a regularly scheduled test/exam. Except in extenuating
circumstances (documented by an official University medical excuse), a makeup test/exam must be written within 2 weeks of the missed test/exam during exam make-up hours provided by the department [http://psychology.ucalgary.ca/undergraduate/exam-and-course-information#mues]. If a student cannot write their final exam on the date assigned by the Registrar’s Office, they need to apply for a deferred exam [http://www.ucalgary.ca/Registrar/exams/deferred_final]. Under no circumstances will this be accommodated by the department.

Travel during Exams
Consistent with University regulations, students are expected to be available to write scheduled exams at any time during the official December and April examination periods. Requests to write a make-up exam because of conflicting travel plans (e.g., flight bookings) will NOT be considered by the department. Students are advised to wait until the final examination schedule is posted before making any travel arrangements. If a student cannot write their final exam on the date assigned by the Registrar’s Office, they need to apply for a deferred exam [http://www.ucalgary.ca/Registrar/exams/deferred_final]. Under no circumstances will this be accommodated by the department.

Freedom of Information and Protection of Privacy (FOIP) Act
The FOIP legislation disallows the practice of having student's retrieve tests and assignments from a public place. Therefore, tests and assignments may be returned to students during class/lab, or during office hours, or will be made available only for viewing during exam review sessions scheduled by the Department. Tests and assignments will be shredded after one year. Instructors should take care to not link students’ names with their grades, UCIDs, or other FOIP-sensitive information.
